

## 2014-2015 CHAOS ACADEMY DEVELOPMENTAL CLINICS

As part of CHAOS Lacrosse Club's commitment to grow the game, we are proud to offer CHAOS Academy to beginner and intermediate players throughout south central Pennsylvania. **CHAOS Academy** is an affordable 8-week clinic for developing players who are looking to improve their fundamental skills, improve their fitness in preparation for spring rec lacrosse, and to gain knowledge about common lacrosse concepts and strategies. **CHAOS Academy** is not for players who are currently part of a select or elite travel team.

All **CHAOS Academy** clinics will be instructed by current CHAOS Lacrosse Club coaches, as well as current or former high school or college lacrosse players from the York area. Due to the developmental nature of this program and its curriculum structure, spots are limited for each age group so please sign up today.
